**Open Positions:** Region 6 and Region 7: Amy O stated that someone from Project Remand will be coming on the committee. The western counties position needs to be filled and if anyone knows of any individuals that might be interested please let Amy O know.

**Financial Report:** Levi report the MAPSA organization is in a good spot financially, \$5834.47 is currently in the checkbook with \$150 cash available with a grand total of \$5974.47. Vicki motioned to approve the financial report and Dan B seconded the motion.

Levi has not checked the mailbox since we met last month to see if there is anything in the mailbox due to other duties. Levi indicated that since he has move from downtown to Brooklyn Center, it hasn't been convenient for him to check the mailbox. Gary volunteered to help with picking up the mail since he is downtown and in the area at least monthly and will try and drop off any checks for Levi .

**Fall Training:** Vicki requested that maybe moving the training out to later fall/winter (Nov/Dec) Since Lynette has not been successful in arranging the fall training speaker there was a discussion about trying to find other Law Enforcement Officers in other counties that can present on the Electronic Stalking topic? Levi tossed out the idea of Dan R possibly presenting Pretrial Reform etc. as a training option?

Dan R will be attending NAPSA and has started contacting the agencies around the state to see what each county is doing and possibly getting population reports from county jails. The committee discussed moving the meeting back a week so Dan R could attend and give the committee an update on the NAPSTA conference.

**Website:** Send Levi any information that would be beneficial for the website.

**Newsletter:** Vicki is working on the Fall Newsletter please send information to Vicki when you have them.

**Region Updates:** Dan B stated that his office is trying to re-organize and working to obtain a Pre-Trial Agent.
